Activity: VOC-6

- When students are tracing the country, have them use markers or other softer writing instruments to prevent damaging the folder.
- The word list provided is NOT exhaustive. A listed word may be used in other countries and other words may be used that are not listed. More than one word may be used in a single country. Accept all children's contributions.
- Consider making copies of the country maps rather than having students trace to save time.

Helpful Hints

Activity: VOC-12

- The binder rings will tend to tear the category cards over time. We recommend laminating these once or twice before hole-punching and inserting the ring.
- This activity lends itself to many other categorizing possibilities. Use the blank key template provided to create additional activities for your class.
- Store the binder rings in the clear CD holder. Store the keys and category cards in the Ziploc bag. You will need additional Ziploc bags for each new category you make.
